

SPRING SCAVENGER HUNTS

Thank you for downloading this spring resource! It is designed for use outside during the spring season. This activity can be used to practice spring vocabulary, commenting, answering questions, using complete sentences, pronoun "I", or expanding utterances. It also makes a nice movement break or carryover activity for home practice.

During this activity, you will search outside together for spring items or spring adjectives. Simply print the desired scavenger hunt page and put it on a clipboard. Students can check off, take photos, or collect items. I have also included optional carrier phrases ("I see", "I found") that can be used to prompt complete sentences during the activity. See the examples below:
